

# ELFACK

MAY 9-12, 2017

The Swedish Exhibition &  
Congress Centre, Gothenburg

Meet us at Elfack!  
T.M. S.R.L.  
Stand: G01:14

T.M. S.r.l. is a flexible and dynamic Italian Company with a high and qualified experience on the engineering and manufacturing of Low and Medium Voltage Systems.

T.M. S.r.l. main Products and Services are Medium and Low Voltage Switchgears, Control and Distribution Switchgears, Compact MV/LV Systems and Retrofit on MV and LV existing Plants.

For additional details: [www.tmelectro.com](http://www.tmelectro.com).

MV air-insulated switchgear for

Primary Distribution

Rated voltage up to 24KV  
Internal arc up to 31,5 kA x 1s  
Rated current up to 4000A - 50KA

LV Distribution Switchgear

Power Center

Rated voltage up to 1000V  
Rated current up to 6300A - 100KA

LV or MV with transformer

Substation

totally factory assembled and tested.

Made by container ISO up to 40".  
Available with thermal insulation,  
internal service circuits (i.e. lighting),  
ventilation and / or air-conditioning.

MV air-insulated switchgear for

Secondary Distribution

Rated voltage up to 36KV  
Rated current up to 630A - 16KA

LV Switchgear

Motor Control Center

with fixed modules or  
withdrawable modules

Rated voltage up to 1000V  
Rated current up to 2500A - 65KA

Metallic self-standing

Kiosk

(either thermal insulated or not) with  
measures "custom" compact.  
In MV and LV with or without transformer.  
Totally factory assembled and tested.  
Ideal for mini hydroelectric plants and  
more.

MV air-insulated switchgear for

Secondary Distribution

Rated voltage up to 12 / 17,5 / 24KV  
Rated current up to 1250A - 16KA

LV Switchgear:

Distribution, Synoptic, Control,  
Command, Protection,  
Automation, Switchgear for  
electric measurement.

Rated voltage up to 1000V  
Rated current up to 630A

Compact Metallic  
Box

or "custom" dimension,  
for MV / LV transformers  
and/or RMU compartments.

Site surveys, design, manufacturing and  
installation of  
MV Bus Ducts  
(air insulated, non-segregated phase  
type)
